visit GoDowntownCC.com

Across the country, revitalized downtowns are resuming their place as the heart of a community. For the Coastal Bend to be successful, we cannot waiver on this quest to “realize the potential” in Downtown Corpus Christi. Visionary leadership across industry sectors has positioned our community to make strides – but there is still work to do. You may know someone who has left our community in favor of a more vibrant city. At the DMD, we are dedicated to creating a Downtown that inspires confidence and pride. By participating in the Downtown Advisory Council, you will be joining our team in taking ownership in the future of our community.
