August 22, 2017

SUBJECT: PUBLIC MEETING
CITY OF CORPUS CHRISTI

CHAPARRAL STREET PHASE 2
SCHATZEL ST. TO TAYLOR ST.
(PROJECT NO. E15107)

Dear Resident or Property Owner:

This Letter is to inform you of a Public Meeting scheduled as follows:

Thursday, August 31, 2017
5:30 p.m. Open House
6 p.m. Presentation
Corpus Christi City Hall
6th Floor Conference Room
1201 Leopard Street

The purpose of this public meeting is to present information on the street improvement project for Chaparral Street Phase 2 from Schatzel Street to Taylor Street (BOND 2014 Prop 2). The public meeting is an opportunity for stakeholders in and around the project to ask any questions and voice any concerns regarding the upcoming construction improvements.

Chaparral Street Phase 2 improvements include the full-depth reconstruction of the existing two-lane roadway with new sidewalks, ADA ramps, curb and gutter, signage, pavement markings, and landscaping. This project provides for conversion from one-way to two-way traffic from Coopers Alley to Interstate Highway 37. The project also includes replacement of the traffic signal at the Taylor Street intersection, street lighting (illumination) relocations and upgrades in coordination with AEP. As part of this project, a new modernized parking meter system will be introduced that was developed as part of the Downtown Parking Study. Utilities improvements include water, wastewater, storm water, and gas.

A brief description and time schedule of the project will be presented. The Design Engineers and City Project Manager will be available to answer questions.

You are invited to attend the meeting, learn about the project, and offer your comments.

Sincerely,

J.H. Edmonds, P.E.
Director of Engineering
